

Regional Session I Community Building

Suggested Agenda

1. Welcome, explain the purpose of the regional sessions, and focus of this session
2. Introductions and Gathering: Everyone introduces him/herself and says which country/state s/he is from
3. Light & Lively
4. Group sharing:
Form groups of 5 to 8 people from diverse countries (or states).
Each person shares:
 - In most of my AVP workshops the participants are... (youth, prisoners etc.) and we hold the workshops in (schools/church halls etc.)
 - Something I have learned from these types of workshops is...Each small group draws a diagram/map on newsprint to summarise the information shared in the group. This can be created as each person shares, or at the end of the exercise.
5. Plenary: Someone from each group presents the picture/map to the whole regional group.
6. Light & lively
7. Closing: An issue about this region I would like us to discuss in session II is...
(e.g. communication, networking, how we can build AVP in our region)
